

# GO RIO 64

## High Performance Digital Dye Sublimation Transfer Printer

### Product

GO RIO 64 - 64-inch (1.06 meters) Printer

### USP ( Unique Selling Proposition )

GO's RIO 64 is a large scale dye sublimation transfer printer enhanced with a standard take-up system.

### Target Market

Ideal for professionals seeking a high performance, high speed large format digital dye sublimation transfer printer enhanced with a standard take-up system.

### Key Features

- 64-inch ( 1.6 meters )
- Patented I<sup>2</sup> technology - reduces banding
- Ultra high speed production printing - up to 185 sq. ft./hr
- Perfect for high resolution, high quality dye sublimation transfer printing
- Drop-On-Demand piezo drive method
- 1440 / 720 / 540 DPI; 10 modes (resolutions and passes)
- GO RioColor dye sub ink and GO RIO transfer paper offers very competitive pricing

### Applications

Digital transfer printing is growing as the need for on-demand, quick turnaround imaging emerges. Developed specifically for the dye sublimation market, the GO RIO PRO printer fits that need working perfectly with GO Xtreme dye sub transfer paper and GO Xtreme ink. Customers seeking one-off imaging can now produce prints without having to go through or pay for traditional screens and imaging setup. The creations of the GO RIO PRO will enable a fast and easy transfer process. A larger printing width of 64-inches offers even more possibilities! Applications include transfers with bright, saturated colors on polyester based textiles, promotional items and beyond.

### Packaging

Wasatch SoftRIP Software and GO Xtreme Dye Sub Ink are included with the GO RIO PRO 64
