

GO ezGrommet™

- Heavy duty
- Extra long ergonomic handle for better leverage
- Self-piercing grommets (Optional)
- Powerful enough to perforate most materials
- Includes die and cutter
- Includes 1000 (15/32) large mouth grommets

Who needs GO ezGrommet?

GO ezGrommet is ideal for anyone who wants a quick and easy way to protect their displays from scratches, rips and frays. The self-piercing grommets reinforce the holes in your image, drastically reducing corner tearing. While other companies' grommet machines are priced as high as \$250 per unit, the GO ezGrommet is a high quality machine at a fraction of the cost! If you have a display unit that requires image perforations, stop ruining those displays and get the GO ezGrommet today!

What is GO ezGrommet?

GO ezGrommet is a heavy-duty grommet machine that is compatible with any 15/32" grommet. This hand operated tool features an ergonomic handle for better leverage to firmly fasten grommets to virtually any display material. Easy to use but remarkably powerful, GO ezGrommet can punch through most materials with minimum exertion. GO ezGrommet is a quality machine that supports quality grommets, making it the perfect tool for anyone who wants to preserve and display quality images.

How easy is GO ezGrommet to use?

Very easy. Simply insert the media and align both pieces of the grommet. Then, press down on the handle and you have an instant reinforcement. The grommet is securely fastened to the image!
